ABOUT ME

Full Stack Developer specializing in the MERN Stack with experience in designing, developing, and deploying responsive web applications. Proficient in React.js, Node.js, Express.js, MongoDB, and RESTful API development. Strong understanding of authentication, database management, and scalable application architecture.

EDUCATION

Bachelor of Technology in Computer Science and Engineering 2023–2027

Haridwar University, Uttarakhand, India

CGPA: 6.9/10.0

Senior Secondary Education 2020–2022

Radisson The School, Neemka, Jewar

Class 12: 69% Class 10: 86%

TECHNICAL SKILLS

Programming: C, Java, JavaScript

Web Technologies: HTML, CSS, Bootstrap, Tailwind CSS, RESTful APIs

Frameworks & Databases: Spring Boot, Express.js, Next.js, React, MySQL, MongoDB

Tools: Git, GitHub, Postman, VS Code, Vercel, Netlify

Operating Systems: Windows

EXPERIENCE

CertED Technologies June 2025 – June 2025

Full Stack Development Intern (In association with Haridwar University, Roorkee, Uttarakhand)

- Completed a Full Stack Development Summer Internship focused on building modern web applications.
- Gained hands-on experience in backend development using Java Spring Boot and MySQL.
- Developed and tested RESTful APIs and implemented core business logic for web applications.
- Improved understanding of web application architecture, API integration, and full-stack development workflows.

PROJECTS

DevCollab Platform (MERN Stack)

- Developed a collaborative platform for developers to create profiles, showcase projects, and connect with other developers.
- Implemented JWT-based authentication and secure user management.
- Built project sharing, team collaboration, and developer networking features.
- Designed and integrated RESTful APIs with MongoDB for efficient data handling.
- Deployed a responsive full-stack application with scalable architecture.

TaskFlow – Task Management Platform

- Built a full-stack task management application to streamline task creation, organization, and tracking.
- Implemented user authentication, task prioritization, status tracking, and deadline management.
- Developed REST APIs using Node.js and Express.js with MongoDB integration.
- Optimized application performance through efficient state management and database indexing.
- Delivered a responsive user experience across desktop and mobile devices.

SOFT SKILLS

Problem Solving Communication Teamwork Leadership Adaptability
